HARLEQUIN ADDS INNOVATIVE DESIGN TECHNIQUES AND ON TREND CONCEPTS TO ITS ICONIC MOMENTUM RANGE NEW FOR AUTUMN/WINTER 2018.

Now in its seventh year, Momentum from Harlequin is the brand's most successful range to date, an international bestseller with global appeal. Since 2011 Momentum has continued to build, with new showstopping standalone collections blending perfectly and interchanging expertly with all previous Momentum launches.

Inspired by urban geometrics, x-ray floral patterns, pixelated forms and innovative yarn wrap structures, the A/W 2018 curation of Harlequin's Momentum range is a clever mix of iconic and sophisticated designs in trend driven colours.

Confident bold motifs adorn eight wallpaper designs, 11 drapes, seven upholstery fabrics and nine sheers in fashion led colour combinations, each of which blend beautifully with previous Momentum collections.

Harlequin's weave designer, Charlie Locking said, "Our design team was keen to develop new trend concepts themed around the Momentum spirit and style. Throughout the collection, Momentum's qualities and textures play out with an elegant mix of matte and shine, bringing boutique appeal to any space."

Taking Momentum in a new direction, confident colours such as Peony and Emerald are layered alongside the standout Cerise, Neptune and Zest to name a few. Conversely soft earthy tones such as Raffia, Chalk and Smoke blend to bring a sleek and modern feel to this energetic, vibrant collection.

The launch comprises four books:

Momentum 5 Wallpapers, Momentum 9 Upholstery,
Momentum 10 Drapes and Structures & Sheers vol.3
