ORIGINAL BY DESIGN

Design is at the heart of everything we do and we're proud to be original. From concept to creation, every collection reflects the unique talents, personalities and handwritings of each of our brands - with extraordinary beautiful results. Our innovation today is built on our teams' voracious appetite for experimentation, their constant search for new ideas and a heritage of solid craftsmanship and historical importance.

We are incredibly proud of our British heritage as most of our wallpapers, printed fabrics, upholstered furniture, trimmings and paints are made in our own facilities in the UK. Constantly developing designs solutions and specifications tailored to the needs of our clients all over the world.

Our integrated approach to design and manufacture allows us to provide a bespoke solution, including printing, dyeing and weaving to exclusive specifications. Whether it's a recolour of an existing design or developing something completely new, we can provide the creative freedom to produce a product that's uniquely yours.

ANTHOLOGY

With an innovative and edgy character, Anthology's style is undeniably metropolitan. State-of-the-art technology means we achieve ground-breaking, sophisticated finishes at surprisingly commercial prices.

Our cutting-edge wallcoverings are available off the shelf in a range of versatile colours.

Contemporary contract-quality fabrics continue Anthology's urban theme. Wide-width and inherently flame retardant, tactile plains, glossy sheers and statement prints sit alongside upholstery fabrics that are distinctive and inspirational.

HARLEQUIN

If your scheme is fashion-led, Harlequin leads the way. Always on trend with a confident collection of structural textures, modern classics and statement florals – all served with a sprinkle of flamboyance.

Imaginative, versatile and unashamedly glamorous, Harlequin's bold range of contract quality fabrics and wallcoverings set the scene in public spaces, bars, restaurants, healthcare and international hotels designs.

MORRIS & CO.

Founded in 1861 by William Morris, a pioneer of the Arts & Crafts movement and one of Britain's cultural icons, Morris & Co. is a brand with history and stature and we are proud custodians of the original and extraordinary design archive.

'Normal' design rules do not apply to Morris & Co. collections. They make themselves equally comfortable in a historically sympathetic scheme or a contemporary boutique hotel. And rightly so - they've earned it.

SANDERSON

Hand-drawn and quintessentially English, Sanderson mixes archive-inspired art with modern colour palettes and innovative production techniques. Young contemporary designers work with artists and historical documents to create fabrics and wallcoverings that nurture your soul.

A boutique hotel, an intimate hospitality space or a care home with style, Sanderson is the brand to offer the warmest of welcomes.

SCION

Fun-loving and spontaneous Scion brings a playful outlook to design and colour. Scandinavian-inspired stylised designs, and a kaleidoscope of plain fabrics create an ultra-contemporary look with a highly commercial price tag.

Perfect for spaces where young trendy things may gather - modern eateries, universities, city hotels and bars.

ZOFFANY

Timeless, distinctive and unashamedly luxurious, Zoffany is founded on quality, elegance and heritage. The preferred choice for five-star international hotels, palaces and exclusive leisure environments, Zoffany is the go-to brand for top-drawer specifiers. An extensive range of wallpapers, fabrics, trimmings, paint, furniture and rugs bring sophisticated elegance for both contemporary and classic interiors.

FR-ONE

FR-One is distributed exclusively in the United Kingdom through Style Library Contract. This fabric collection provides designers with four major features: safety, quality, design and affordability. FR-One delivers a new level of safety, offering one international standard that meets all contract requirements.

CLARKE & CLARKE

With versatile appeal, Clarke & Clarke is ideally suited for commercial interiors. Combining performance and style, C&C contract collections are designed to meet the requirements of any hospitality project. Featuring transitional designs and contemporary colours to bring a fashion forward look to commercial spaces around the world.

STUDIO G

Stylish, fashionable and affordable, appealing to aspirational and fashion aware interiors. The brand specialises in contemporary styles, which can be produced on a wide range of flame retardant qualities, whilst offering a large variety of well-priced weaves, plains and textures.

PAINT

A beautiful scheme starts with exquisite colour. Whether it's Zoffany's striking Huntsman Green or Sanderson's elegant Mercury Light, choosing the right paint makes all the difference. Find your perfect hue from Zoffany and Sanderson's comprehensive paint range in a wide range of finishes.

BESPOKE

Whether it's a recolour of an existing design or developing something completely new, we provide the creative freedom to produce a product that's uniquely yours. If you design for hospitality, cruise, healthcare, education or any other commercial environment, you can rely on us to be the best-in-class for design and service.
