INSTALLATION

All MESH METAL ceilings products are designed for simple and economical installation on standard exposed systems, and concealed systems (configurable options).

FLEXIBILITY

In addition to offering a range of different module sizes to suit different room scales and building modules, if more flexibility of design is required then Armstrong can offer fully engineered and custom designed MESH METAL ceilings for special projects. For more information about our capabilities, call Armstrong Technical Sales.

FORM

MESH METAL ceilings offer a full range of tile and plank options:

- Standard tiles for installation in conventional grid systems,
- Flexible size panels where modules must be adapted to the needs of building layouts and aesthetics,
- Choice of mesh metal patterns, and colours.

COLOUR

Standard colours

RAL 9010 15% gloss	RAL 9006 30% gloss	RAL 9007 30% gloss	RAL 9005 5% gloss

MATERIALS

Products are made of zinc coated steel. Gauge of steel used varies as is appropriate to product type, size and configuration. Further materials on request.

FINISH

Products are finished with a durable, electrostatic factory applied polyester powder coat.

AIR FLOW

Air flow rates @50 Pa
