CONTRACT

BESPOKE SOLUTIONS

REDEFINING CONTRACT INTERIORS

ORIGINAL BY DESIGN

Today's contract market demands more than just good off-the-shelf designs, interiors need to captivate, inspire and perform. We believe our job is to provide you with the means to create beautiful, designed schemes, always aiming to make your life easier at every stage of the process. Our manufacturing and design expertise in contract specification fabrics, wallcoverings and paint, means you can rely on us for a complete project solution.

The home of iconic interior brands Anthology, Harlequin, Morris & Co., Sanderson, Scion, Zoffany and FR One provides inspiration for bespoke commissions internationally. We are incredibly proud of our British heritage as most of our wallpapers, printed fabrics, upholstered furniture, trimmings and paint is made in our own facilities in the UK. Constantly developing designs solutions and specifications for our clients all over the world.

BESPOKE SERVICE

Our in-house design studios and our own manufacturing facilities means we can be your one-stop international interiors resource. We focus on delivering distinctive style and outstanding performance to fit your project specification and budget. This includes printing, dyeing and weaving to your exclusive specifications.

Whether it's a recolour of an existing design or sourcing something completely new, we provide the creative freedom to produce a product that's uniquely yours. If you design for hospitality, cruise, healthcare, education or any other commercial environment, you can rely us to be the best-in-class for design and service.

CUSTOMISATION MADE SIMPLE

At Style Library Contract we make customisation simple:

1

Establish the performance specification and budget for your project

2

Agree timeline to ensure we delivery on our promise

3

Select materials, recolour a standard design or create something unique

4

Produce artwork and strike off's for your approval

5

On approval it's all systems go to manufacture

We also offer a testing and certification service to ensure products meet the stringent demands of commercial environments . Speak to one of our experts on +44 (0) 1895 221050 or email us on bespoke@stylelibrarycontract.com.

FABRICS

There is no shortage of inspiration with an array of brands, thousands of standard designs, and access to our rich archive. Whether it's a bespoke design, a recolour, printing to a specific base cloth or selecting yarns to suit your specification and budget, we will work with you to create a fabric perfected for your project.

For that added assurance:

- Transfer printed cloths are all FR tested as standard
- Trevira test and certification provided as standard on all 100% TCS cloths
- We can organise FR treatment and testing on conventional printed cloths
- Most cloths are IMO tested as standard, if not we can arrange testing
- We have a variety of base cloths specifically designed for healthcare sector

WALLCOVERINGS

With a wealth of styles and finishes available Style Library Contract is a great place to start your search for contract suitable wallcoverings. From contemporary and abstract patterns to historically sympathetic designs taken from archive pieces, our comprehensive design collection gives you the freedom to create the ideal wallcovering for your hospitality, leisure or healthcare contract project.

Wallcoverings come in a mix of paper, vinyl and non-woven construction as standard. All Anthology wallcoverings are wide-width (68.6cm) except for panel designs which are 3m wide. Whether it's a feature wall, reprint of an existing design to vinyl or re-ordering an old favourite, our team is on hand to create the perfect backdrop to your commercial space:

- Transfer existing paper design to a vinyl version
- Re-print an archived Wallpaper design
- Bespoke design, in either wide width or panels

BASE CLOTH SPECIFICATIONS

Today's printing technology delivers a new level of creative freedom. We have developed base cloths designed to meet all your interior applications. The performance of each base cloth has been pre-tested for a wide range of contract sectors including hospitality, healthcare and cruise; allowing you to print your bespoke design with the assurance the fabric will meet the demands of your project. If you have an application or a cloth type we haven't included, then please get in touch with one of our experts on +44 (0) 1895 221050 or email us on bespoke@stylelibrarycontract.com

Care and maintenance of Anti-Microbial upholstery quality

1. Routine soap and warm water sponging is effective for ordinary soiling.
2. Fresh stains both water and oil based are easily removed using most water based household spray cleaning agents.
3. Antiseptic cleaning agents can be used and more stubborn stains may require a safe solvent, such as Isopropyl Alcohol or Mineral Spirit.
4. A half cup of household bleach for 5 litres of water can be used as a useful disinfectant.
5. Best cleaning method is 'wipe and dry' technique. Full immersion is not recommended.
6. Do not dry clean.
