

A BOOK 2016 JOURNEY

Inspiring Great Spaces™

CEILING SYSTEMS

OUR TALE FROM DIFFERENT CORNERS OF THE WORLD

Interiors that bring your ideas to life.
Armstrong have worked alongside building designers and users for more than 150 years, using our skills and knowledge to create inspirational ceiling solutions that meet the challenges of a changing world. Ceilings that help to improve the health and well-being of both our people and our planet. We have developed classic and bespoke ceiling solutions for buildings large and small, simple and complex – from schools to airports. High performance solutions that meet every requirement and expectation, from acoustics to aesthetics. In this new A-Book we are showcasing some of the outstanding results of our partnerships across Europe. Work with us and you'll be amazed at what we can achieve together!
Armstrong – Inspiring Great Spaces.

Advisory note

All photographic and design elements supplied in this brochure do not necessarily reflect any recommendation by any of the companies named in this brochure as to the proper use or recommended methods of installation of suspended ceilings and are supplied only as informative material. For technical reasons in printing, differences may appear between colours printed in this brochure and the actual product. The choice of colours should always be made from a sample of the product. All statements and technical information contained in this brochure, or any publication of the companies named in this brochure, relating to Armstrong ceilings are based on results obtained under laboratory test conditions. It is the responsibility of the user to verify with the seller of the products in writing that such statements and information are appropriate to the specific use intended. Sales of the products and liability of the selling companies are in accordance with the terms and conditions of sale of the selling company. All product specifications are subject to modifications without prior notice.
