## Access control

### Audio visual entry systems

Allgood are experts at supplying and installing audio and audio visual entry systems. The new audio visual range from Allgood offers a flexible, state of the art entry system that can be tailored to your design requirements.

### FSB electronic access control

Electronic access control from FSB provides all the functionality that you would expect from an access control system, integrated with FSB handle designs to ensure consistency in aesthetic throughout the building.

### Audio visual internal vision panel

Customise your entry system to suit the building's interior aesthetic needs with various internal panels.

### Audio visual internal entry panel

Modify your entry system, utilising a variety of features that can help make a building functional and secure.

### Fingerprint reader

Removing the need for a key, Allgood fingerprint readers provide high level biometric security for entry to a residence.

### FSB pull handle with fingerprint reader

Integral within the pull handle, the fingerprint reader provides biometric security with minimalist design.

## Doors

### Sliding pocket doors

Used to aid access for those with physical disabilities or simply to create more floor space, sliding pocket doors provide an intelligent function with concealed design, preventing dust traps and trip hazards. Allgood sliding pocket door kits are available in various designs, door sizes and materials.

### PAS 24 doorsets

In order to meet the provision of Approved Document Q, effective from the 1st October 2015, all doorsets that provide access into a new dwelling should be a Secure Doorset, manufactured to a design that meets PAS 24:2012. Allgood has undertaken a comprehensive testing programme to enable the provision of various options for complete PAS 24 doorsets, designed to the highest aesthetic standard.

### Door finishes

In addition to a number of veneers, Allgood can also provide laminated, paint grade, acrovyn and foil wrapped doors.

### Door sizes

Allgood can supply a door of any size however our standard sizes are 35,44 or 54mm thick.

### Frame construction

Allgood offer frames in a number of materials including: Metal, Hardwood, Softwood and MDF.

### Architrave-free frames

If you would prefer doorsets without architraves, Allgood can provide a matching piece of packing timber to the frame.
