

## **Cega, CEG**

Totally symmetrical in form and boasting advanced acoustic qualities, Cega comprises of a profile cut tubular construction that features advanced internal heat welded vertical fluted upholstery. Its contoured design has been intentionally developed to reduce peripheral vision and external noise, whilst the open top structure allows for the correct level of ambient light to pass through the system. Available as a 360 degree swivel unit for enhanced privacy, Cega is the ideal product for the modern working environment where personal touchdown spaces and informal meeting areas are the norm.
