The New High Pressure Laminate Range from Premdor

Premdor's new range of High Pressure Laminate (HPL) doors is the perfect choice for busy environments, particularly hotels, schools and commercial offices.

Incorporating a durable multi-layer system for optimum protection, these stylish internal doors are available in an array of striking colours and realistic woodgrain finishes.

- ✓ Excellent impact and scratch resistance, perfect for high-traffic areas.
- ✓ Superior durability, strength and hygiene properties.
- ✓ Available in over 80 standard colours, including realistic woodgrain finishes and bold patterns.
- ✓ Remarkable reproduction qualities allow for a consistent appearance door to door.

Laminate Door Options – Create Something Unique

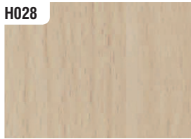

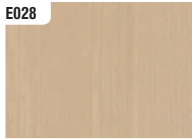

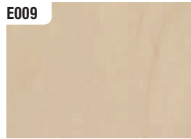

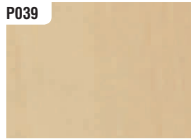

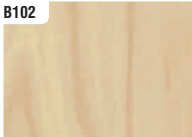

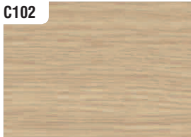

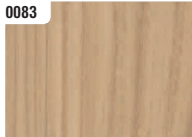

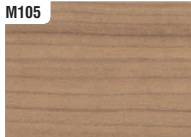

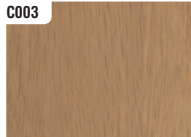

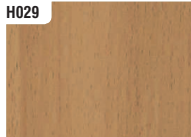

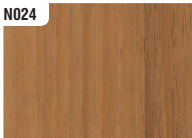

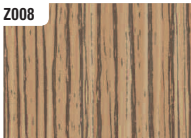

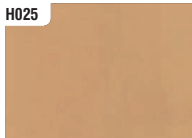

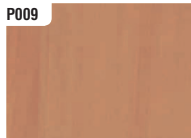

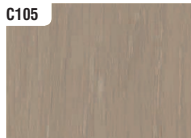

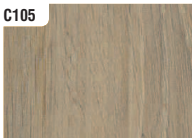

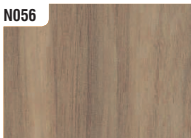

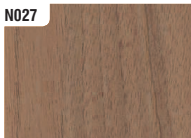

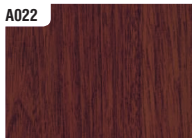

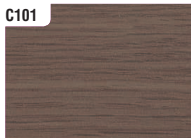

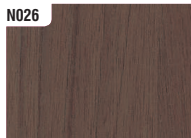

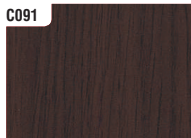

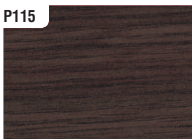

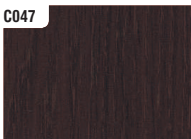

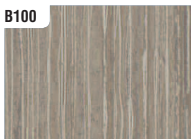

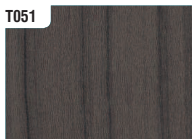

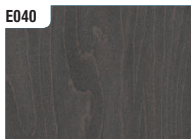

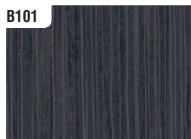

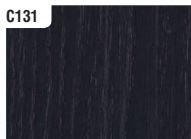

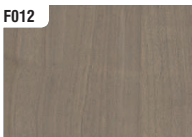

Premdor's HPL door range is manufactured on a made to order basis, allowing you to choose your perfect size, colour and finish. Various door configurations, aperturing options and core constructions provide you with unlimited possibilities.

- Robust solid core construction as standard.
- Framed 30 and 60 minute fire door options also available.
- Available as a single door option or as a door pair.
- HPL doors can also be apertured, ideal for communal areas and those with restricted mobility.
- White laminate (B070 Blanc Megeve) available from stock, in both solid core and FD30 fire door options.

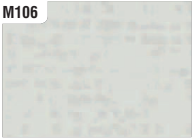

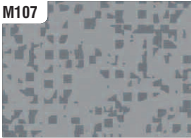

Premdor's High Pressure Laminate doors are available in over 80 standard colours, including life-like woodgrain finishes and distinctive patterns.
