Heckmondwike Expo Tiles

Specialist

Transform your school sports hall, community centre or cafeteria into the perfect venue for exams, exhibitions, concerts and events with loose laying Expo Tiles.

These versatile loose lay carpet tiles provide an easy, low-cost way of creating a multi-functional space which can be used for a wide variety of events. Expo Tiles are simply laid on top of hard floors to create soft surfaces, adding warmth and comfort to the room.

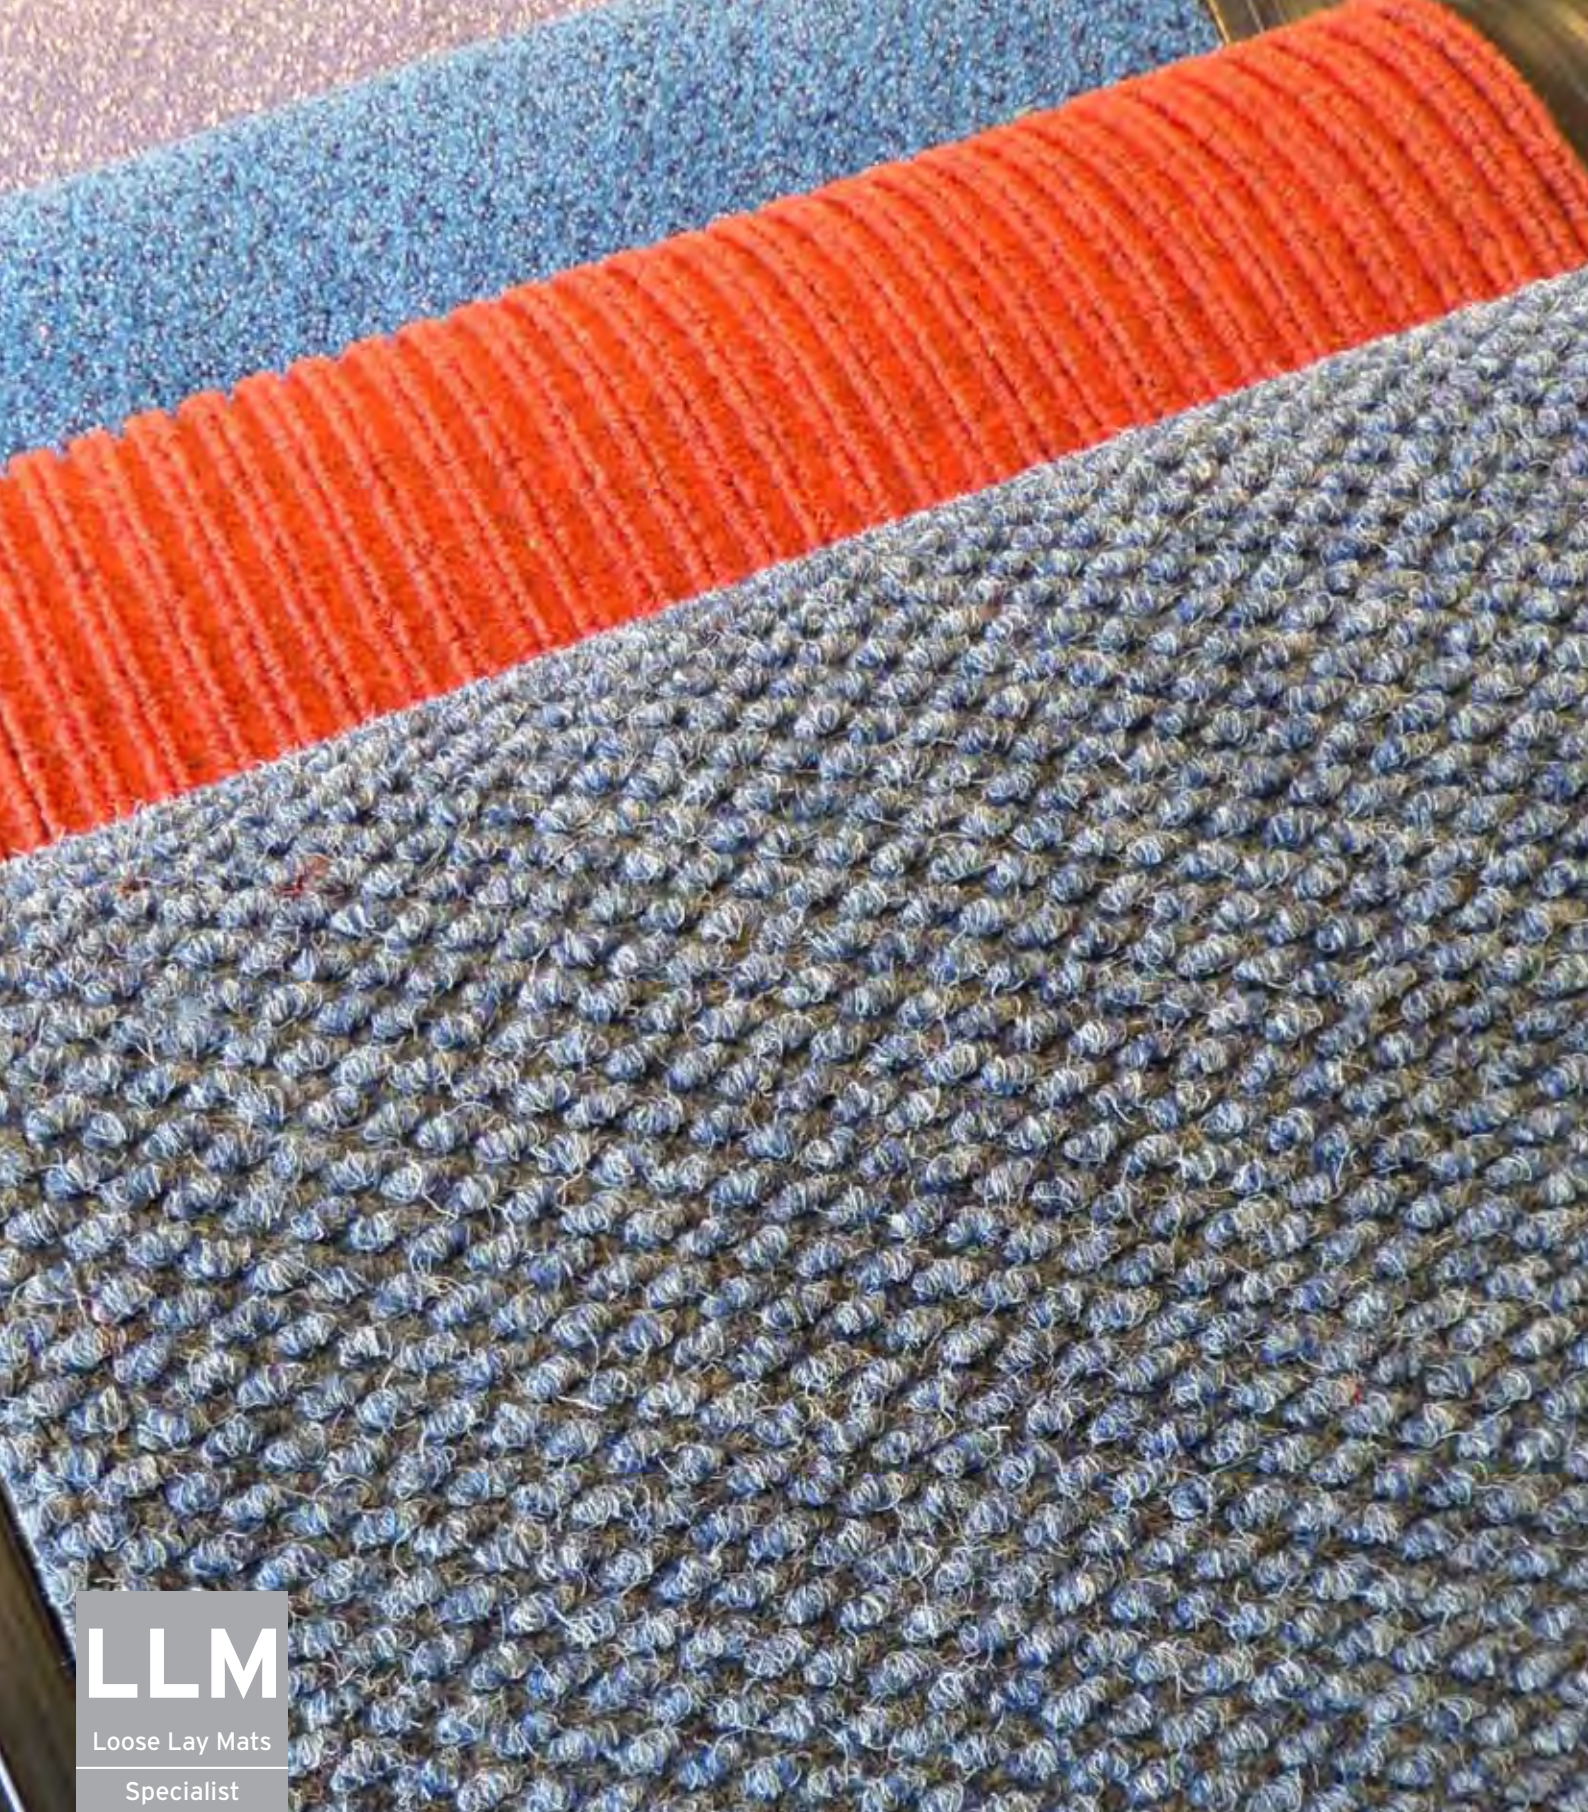

When the event is finished, simply lift the Expo Tiles and store them flat until next time.

Choose from our range of five colours and a selection of different finishes.

- Each tile is 2m x 1m
- Installation does not require adhesive
- Tiles should be stored flat for optimum performance

Heckmondwike Loose Lay Mats

Specialist

You want your entrance area to look good and to stay looking good. That's where Heckmondwike Loose Lay mats are the perfect solution. They're available in two of our most popular entrance ranges: Hippo and Diamond. Plus, for the special requirements of the care environment, Pure Care and Total Care too.

Manufactured to the very highest quality from heavy contract fibre bonded entrance area carpet, these rubber edged mats sit firmly and securely on any surface, acting as interceptors to clean shoes on arrival. They not only look smart, but help preserve the look and lifespan of interior carpeting too.

In their Pure Care and Total Care versions, they are extremely stain and spill resistant while being soft underfoot and providing a comfortable surface for children to sit on in primary schools and nurseries.

Heckmondwike Bespoke Entrance Designs

Specialist

First impressions count. And whether you're a school that wants to extend a warm welcome to new pupils, or a company that wants to make a big impact with new clients, our bespoke entrance carpets are the answer. Shapes and logos can be created from any of our fibre bonded products and incorporated into a mat or inlaid into the floor. The most popular option is our Diamond range, with its hard wearing qualities and exclusive additional colours for bespoke design. Bespoke logos and designs can be created for areas up to 4m².

A step-by-step example for Bespoke Entrance Design using Diamond

Step 1 - Decide on your design

Step 2 - Choose your colour from the 20 options

Step 3 - Decide on the size and whether your design will be inset into an entrance or supplied as a loose lay mat.

We'll organise the rest.
