

At JIS we are proud of our company. We are the original stainless steel towel rail company. We decided to produce our rails from stainless steel because it was the environmental and durable choice. This was some 20 years ago, long before they were the bywords and marketing spin of the day. We source our rails ethically, always have and always will. Our customers and staff are the most important factors in our business. We endeavour to always offer the best customer service, be it on the phone, our 25 year guarantee or the variety and practicability of our rails. We are known throughout the industry for these standards. We only ever strive to be better and better at our job. As I said, we are proud of our company, we believe you will be proud of our product.

Enjoy the collection,

Richard Thelwell  
Managing Director

- Satin finish is available, please call to check availability. Please add 30% to the price shown.
- The Goodwood can be installed either right armed or left armed. Please note when ordering electric only options, they will be supplied right armed as standard, should you require left armed please specify when ordering.
- The Sussex Range of towel rails are also available in electric only format. Electric formats start from an additional £79.95 with adjustable options also available. Please see page 69 for more details.
- Please see page 64, 65, 66, 67 and 68 for our valves

- 25 YEAR GUARANTEE -

## Rye

£20 from the profits of each Rye towel rail is being donated to The Wild at Heart Foundation. The Wild at Heart Foundation, a British non-profit charity funds and supports animal welfare products around the world. In particular, the foundation aims to reduce the world's 600 million stray dog population, by organising and sponsoring rescue projects, neutering programmes, awareness campaigns and educational initiatives.

# RYE - Tilting Ladder Rail

100% STAINLESS STEEL

Available in Central Heating, Electric & Dual Fuel

## Electric Only or Dual Fuel

When ordered in electric only or dual fuel format, two special element cover sleeves are supplied with the towel rail to enable you to still lean the rail on the floor. The cable exits are on the bottom or the back of the element sleeve. Please see our website for an image of the extension legs.

## Dual Fuel

The towel rail has a separate entry piece for valves, so no need for a t-piece, just use a standard element & solar angled valves.

The Rye is shown with Solar Angled Valves (the recommended valve for this rail).

Please note valves need to be ordered separately, please see page 61 for details.

<u>Model</u>	<u>Dimensions</u>	<u>BTU</u>	<u>Watts</u>	<u>RRP ex VAT</u>
Rye	1800 x 520mm	1878	550	£449.50

- The above prices are based on central heating format.
- Available in central heating, standard electric and standard dual fuel formats.
- This model has side tapplings so the pipe centres will be dependent on the type of valves (when using Solar Angled Valves the pipe centres are 335mm).
- Satin finish is available, please call to check availability. Please add 30% to the price shown.
- The Rye is supplied with it's own brackets. The top brackets are 60mm and the bottom brackets are 120.50mm.
- The Sussex Range of towel rails are also available in electric only format. Please see page 69 for more details. Due to the design of this rail, it can only be used with the standard element.
- Please see page 64, 65, 66, 67 and 68 for our valves

Midhurst

# MIDHURST - Side Fixing Rail

100% STAINLESS STEEL

Available in Central Heating, Electric & Dual Fuel

Brackets attach to the wall, creating a partition within the room.

The Midhurst is shown with Solar Angled Valves (the recommended valve for this rail). Please note valves need to be ordered separately, please see page 61 for details.

<u>Model</u>	<u>Dimensions</u>	<u>BTU</u>	<u>Watts</u>	<u>RRP ex VAT</u>
Midhurst	1765 x 560mm (including brackets)	3345	980	£698.00

- The above prices are based on central heating format.
- Available in central heating, standard electric and standard dual fuel formats.
- This model has side tapplings so the pipe centres will be dependent on the type of valves (when using Solar Angled Valves the pipe centres are 345mm).
- Satin finish is available, please call to check availability. Please add 30% to the price shown.
- The Midhurst is supplied with adjustable brackets which give an overall projection of 560mm - 585mm.
- The Sussex Range of towel rails are also available in electric only format. Please see page 69 for more details. Due to the design of this rail, it can only be used with the standard element.
- Please see page 64, 65, 66, 67 and 68 for our valves

# NEWHAVEN - 100% STAINLESS STEEL

Available in Central Heating, Electric & Dual Fuel

<u>Model</u>	<u>Dimensions</u>	<u>BTU</u>	<u>Watts</u>	<u>RRP ex VAT</u>
Newhaven	480 x 520mm	1498	439	£289.95

- The above prices are based on central heating format.
- Available in central heating, electric and dual fuel formats.
- The Newhaven rail comes with short brackets as standard.
- For pipe centres subtract 30mm from width. For dual fuel, pipe centres may differ.
- The overall projection for this rail is 360mm.
- Satin finish is available, please call to check availability, please add 30% to the price shown.
- The Sussex Range of towel rails are also available in electric only format. Electric formats start from an additional £79.95 with adjustable options also available. Please see page 69 for more details.
- Please see page 64, 65, 66, 67 and 68 for our valves

Newhaven

# FEATURE RAILS

Feature Rails - Arun

# MAYFIELD - 100% STAINLESS STEEL

Available in Central Heating, Electric & Dual Fuel

Mayfield mounted horizontally

<u>Model</u>	<u>Dimensions</u>	<u>BTU</u>	<u>Watts</u>	<u>RRP ex VAT</u>
Mayfield 320	1010 x 320mm	2689	788	£449.00
Mayfield 470	1010 x 470mm	3760	1102	£599.00

- The above prices are based on central heating format.
- Available in central heating, electric and dual fuel formats.
- When vertical, this model has side tapplings so pipe centres will be dependent on the type of valves.  
When horizontal, the pipe centres are 950mm. For dual fuel, the pipe centres may differ.
- Satin finish is available, please call to check availability (same price as polished).
- Overall projection is 140mm - 160mm.
- Please see page 64, 65, 66, 67 and 68 for our valves
- Due to the Mayfield being extremely heavy in electric format, there is a **£45.00** delivery charge.
- Please note, the Mayfield comes with it's own element. This element is not adjustable but self regulates its heat output. Please see below for RRP prices ex VAT:

- Element Only - £64.95
- Dual Fuel Kit - £74.95
- Electric Only - £94.95

- 25 YEAR GUARANTEE -

### MIXED TRV VALVES - £89.95

PRODUCT CODE: VMTRV

# ELECTRIC ONLY TOWEL RAILS

All of the Sussex Range are available as electric only models.

As standard, all elements are fitted on the right hand side of the towel rail.

Left hand elements are available on request.

For the recommended element wattages for our rails, please see page 73- 74.

All of our elements come with a minimum of one metre fitted flex.

Prices shown are ex VAT.

Satin finish is available at no extra cost.

Elements are guaranteed for 12 months

Cable covers can be found on page 70.

For special requirements, i.e restricted temperature elements and class II elements, please call 01444 831200 for more details.

## ELECTRIC ONLY OPTIONS

### STANDARD ELECTRIC OPTION - £79.95

#### ENERGY SAVING

The standard JIS element is constructed from 100% stainless steel. It is IP55 rated and is designed to be minimal in appearance. This element also has a built-in thermostat which automatically prevents the towel rail from becoming too hot and saves on running costs.

PRODUCT CODE: Add EO to the rail you are ordering

---

### CYLINDRICAL ADJUSTABLE ELECTRIC OPTION - £149.95

#### ENERGY SAVING

Our cylindrical adjustable element is IP55 rated and is constructed from 100% stainless steel. Designed to be minimal in appearance, the cylindrical option has four different heat settings with discreet built in LEDs indicating the current heat setting.

Note: This element can be switched off by using the dial.

PRODUCT CODE: Add CEO to the rail you are ordering

---

### STANDARD SQUARE ELECTRIC OPTION - £102.95

#### ENERGY SAVING

The standard square electric element is IP55 rated and is constructed from 100% stainless steel. This element has a built in thermostat which automatically prevents the towel rail from becoming too hot and saves on running costs.

PRODUCT CODE: Add SE to the rail you are ordering

---

# BRACKETS & ACCESSORIES

## STAINLESS STEEL ELEMENT COVER - £39.95

\*Standard brackets measurement, shortened brackets available to reduce projection/centres by 25mm. Not applicable for Arun, Hove, Mayfield, Fletching, Goodwood, Hickstead, Brunswick, Newhaven, Rye, Midhurst or Findon. Heat output figures are for central heating versions. BTU/Watt figures are based on  $\Delta T=60K$ . All towel rails are manufactured from 100% Stainless Steel and can be used on all systems including open/hot water systems. (Assuming the water is non corrosive and of good drinking water standard)
